

INTERN NETWORK TURKEY SERVICE DESCRIPTION AND CLAUSES

Our placement guidance offers an opportunity to those students who are not able to get an internship by themselves or need really specific requirements, offering them a personal, customized solution. One of our agents will take care of the whole process and will commit to arranging an internship with the required conditions upon acceptance of the request.

This service is fully customized, therefore, you have to submit your request filling in your requirements being necessary to be accepted by both parties.

In order to receive your Acceptance Letter and Training Agreement, both completed and signed, you should make a one-time payment.

THE PROCESS

- **Complete this service agreement:** Fill in this document and the application form on our website that includes the requirements. Once you send these documents to us and we accept your request you should pass on to the next step.
- **Receive a call/e-mail from our side:** A consultant will get in touch shortly to confirm with you.
- **Interviews.** Once we receive your application, one of our agents will personally take care of your application. Once we have an internship fitting your requirements we will set up an interview.
- **Payment of deposit:** After the interview with the firm representative, if both parties agree on the internship terms, we require you to pay a deposit of €100 that will be given back if we fail to provide you with the internship requirements. By the time you make the deposit payment, you will receive the signed/stamped Acceptance Letter from the firm. Payment information will be given to you after your internship is approved by your university.
- **Payment and documentation.** When an internship is approved based on your requirements mentioned in this agreement and you have received an acceptance letter, you need to pay the rest of the fee of €399 to make a total price of €499 same account provided previously. At this point, we will prepare the Training Agreement and take care of helping with the paperwork with your university/school and the company so we make sure everything is arranged on time.

- **Other issues.** Visa, legal documentation, and accommodation: After finalizing the last part of the payment if you need to apply for a student visa you need to do it at this step. We are able to help you with these procedures for extra fees.
